The Bee Cause Project
Partnership Opportunities

THE BEE CAUSE PROJECT has been serving the community since 2013 by connecting youth and adults with the secret life of bees through the installation of observation and traditional hives inside of schools. The mission of The Bee Cause Project is to provide youth with opportunities to understand, engage, and learn from honey bees in order to connect with the natural environment while developing STEAM skills. To achieve our mission, we need your support!

The Bee Cause Project has provided honey bee learning hives for 280 schools in 48 states and 4 countries
